## Sanctity of Life

Read Genesis 1:26-31. What evidences can you find in this passage that human life has value?

Romans 12:1-2 urges the reader to not be conformed to this world, but to be transformed by the renewing of their mind. Each time period has had different beliefs and accepted ways of thinking about the world. What messages have you been exposed to that current society propagates about human value or the value of human life?

In addition to the passage from Genesis: what other passages in the Bible can your small group identify that teach about the value of human life?

What are challenges to the value of human life that are encountered in Utah?

Share about times when you have doubted your value or have struggled with your value. It may have been when you didn't get a job, received criticism, or struggled to change something in your life.

As a group, decide on a verse about the value of human life to memorize over the following week.
